

The Board of Education recognizes the significant service that parent organizations can provide for students and school programs. Therefore, every school is expected to actively participate in and support a Parent Teacher Organization and/or Booster Club(s). The principal is to serve on the Executive Committee of the organization(s) and is to bring recommendations from the school staff regarding the needs of the school or program to the Executive Committee prior to all general meetings. All activities of the parent organizations shall be conducted in accordance with Board policies and procedures.

The financial transactions of the parent organizations shall be in accordance with accounting guidelines established by the school system. The principal will provide a quarterly and an annual financial report of parent organization activities to the Superintendent.
