

**BOARD POLICY**

**Descriptive Code: EDDA**

**SPECIAL USE OF SCHOOL BUS**

**Date: August 10, 1999**

---

All school buses are owned or leased by the Columbia County Board of Education. The Board does not lease private vehicles from employees for public school transportation. The Board accepts responsibility only for the students who ride the publicly owned or leased school buses.

While O.C.G.A. 20-2-1075 provides for summer use of public school buses by outside agencies, the Columbia County School System opts to restrict usage to only school sponsored summer activities to include 4-H Club educational trips.

Final approval of special use of school buses will be made by the Superintendent or his/her designee.
