

TOBACCO FREE ENVIRONMENT

Date: August 10, 1999

The use of tobacco by employees of the Board of Education shall be prohibited on school campuses during school hours. The prohibition on the use of tobacco by employees shall extend beyond school hours and beyond school campuses where employees are directly instructing or supervising students or where students are being transported to and from school activities.

Direct instruction or supervision of students is defined as coaching, band directing, acting as a sponsor or advisor of a school club or other similar school organization, and similar instructional roles.

PROCEDURE: NO
